Angeles,

Please find attached suggested revisions by NDEP in redline and clean format. This has still not gone through all levels of review at state but does include NDEP and our Public Information Officer edits.

I am around today if you have time to discuss.

Due to time we may not be able to come to complete agreement but let me know if there is anything here that EPA does not agree with.

Greg

Attached please find our latest draft of Q & As. Some of the answers are still too long but it is a good place to start. Thanks. Angeles
